Commissioner for Patents

Sir:

In a telephone discussion on October 11, 2007, the Examiner advised Applicant's representative that allowance of the Application would be expedited by filing a terminal disclaimer with respect to copending application Serial No. 10/778,319. A terminal disclaimer is submitted herewith with the required fee in order to expedite the allowance of the present application and is not to be considered an acknowledgement or admission that the present application and Serial No. 10/778,319 contain patentably indistinct claims.

CONCLUSION:

There being no further outstanding objections or rejections, it is submitted that the application is in condition for allowance. An early action to that effect is courteously solicited.

Finally, if there are any formal matters remaining after this response, the Examiner is requested to telephone the undersigned to attend to these matters.

If there are any additional fees associated with filing of this Amendment, please charge the same to our Deposit Account No. 503333.

Respectfully submitted,

STEIN, MCEWEN & BUI, LLP
